

Electromagnetic Hypersensitivity Session

Arizona Grand C

Saturday, October 26, 2013

- 7:55 am Introductions
William J. Rea, M.D., FAAEM, DABEM, FACS — Workshop Chair
- 8:00 am Double Blind Provocation of EMF Sensitivity in a Controlled Environment
William J. Rea, M.D., FAAEM, DABEM, FACS
- 8:30 am Electromog and Electrosensitivity: What Doctors Need to Know to Help Their Patients
Magda Havas, Ph.D.
- 9:00 am Electromagnetic Field Exposures Act Via Activation of L-Type Voltage—Gated Calcium Channels: Mechanism of Action and Diverse Impacts on Health
Martin L. Pall, Ph.D.
- 10:00 am Beverage Break in Exhibit Hall (Arizona Grand E/H)
- 10:45 am EMF Hypersensitivity & Biotoxin-Mycotoxin—Part 1
Kalpana D. Patel, MD., FAAP, FAAEM, DABP, DABEM
- 11:15 am Expert Panel
- 12:00 pm Luncheon
- 1:00 pm Recognizing Oral Galvanism Dysautonomia and Their Relationship to and EMF Sensitivity
Lisa Nagy, M.D.
- 1:30 pm Electromagnetic Techniques to Assess Health and to Promote Healing
Magda Havas, Ph.D.
- 2:15 pm EMF Hypersensitivity & Biotoxin-Mycotoxin—Part 2
Kalpana D. Patel, MD., FAAP, FAAEM, DABP, DABEM
- 3:00 pm Beverage Break in Exhibit Hall (Arizona Grand E/H)
- 3:45 pm Cases and Treatment of Electromagnetic Sensitivity
William J. Rea, M.D., FAAEM, DABEM, FACS
- 4:15 pm Treatment Pearls from Psychiatric Literature
Lisa Nagy, M.D.
- 4:45 pm Electromagnetic Sensitivity—Concerns About the Safety of Solar Photovoltaics Due to Generation of High Levels of Dirty Electricity
Martin L. Pall, Ph.D.
- 5:00 pm Expert Panel
- 6:00 pm Adjourn
